

Benjamin Csippa

email: bcsipppa@hds.bme.hu

position: Research associate, team co-leader

WPs involved with: WP4, WP5, WP2

Post gradual degree from BME (2017). I started researching hemodynamic topics in 2015, eventually starting my PhD in 2017, studying aneurysmal inception and treatments. I was involved in three different national grants in the field of hemodynamics, and I am still working on the EU-funded ISW project.
